To Whom It May Concern,

Re: CTPAT – Customs-Trade Partnership Against Terrorism

Dear Customer/Service Provider:

Maribel International is participating in the U.S. Customs security recommendations program known as CTPAT (Customs-Trade Partnership Against Terrorism). CTPAT is a voluntary initiative between U.S. Customs and the international trade community to develop a more secure border without restricting the flow of imports into the United States. With the volume of imports every day and only a small percentage undergoing physical inspection, together with varied handling of shipments in reaching their final destination, the commercial supply chain is a prime target for illegal and terrorist activity.

As part of our commitment to the CTPAT program, we are verifying the level of awareness and commitment to supply chain security of our customers and service providers. Even if not a member of CTPAT or other Security Program(s), we request you complete and return to us the enclosed Security Participation Survey. Please also review the attached Supply Chain Security Recommendations & Guidelines and CTPAT information concerning container, tractor and trailer inspection, storage and seal security. Service providers who do not respond may not remain eligible to continue to provide services to Maribel International.

If you are not currently participating in the CTPAT program, we encourage you to review the requirements and benefits outlined by U.S. Customs and Border Protection at www.cbp.gov. Online application for CTPAT is available. If you have any questions in further evaluating CTPAT's security criteria and benefits, please feel free to contact us at (718) 949-0607.

Thank you for your prompt attention to this request.

Sincerely,

MARIBEL INTERNATIONAL
